No reason for refusal of such an entry need be given.

Participating boats shall leave jetties or moorings not less than ten minutes before their start time. A boat leaving a jetty or mooring after the start and deemed by the Organising Committee to have obstructed another participating boat may incur a ten point penalty.

Participating boats are limited to three practice runs over the start line and shall be completed before the 10 minute signal. Practice runs shall be on a course which is within six metres of East Outer Buoy.

8. BUOY IDENTIFICATION

RFBYC Start/Finish line:

An imaginary line on approximate bearing 110 magnetic drawn from the centre of the Start Box and passing through RFBYC East Buoy. Competing power yachts are to pass within 6m (when safe to do so) of RFBYC East Buoy on the side designated in the elapsed times sheet. Competing power boats will be timed on the buoy.

RFBYC South Buoy, East Buoy and North Buoys are identified as rectangular orange floats about 1m tall, which may have the letters PY painted in black on all four sides.

9. CONDUCT

A boat shall go fairly around the course, rounding or passing the series of marks on the correct side and in the correct order. If, after starting, a power yacht rounds or passes a mark on the wrong side, it shall incur a 10 point penalty in each instance that it does so.

10. POSTPONEMENT

Answering Pennant over *Class Flag* indicates a 60-minute postponement. Postponement may be extended indefinitely by dipping and rehoisting this signal. The *Answering Pennant* over the *Class Flag* and *First Substitute* indicates that the event is postponed. Both signals shall be accompanied by two sound signals.

11. RETIREMENT

The *Class Flag* should be struck and identification numbers removed immediately upon retirement from the event. The Organising Committee should be notified of the retirement as soon as possible.
