- 12.3 **Obstructions**
Boats shall not sail through the line joining Bricklanding Buoys (33a) and (33b) or through a line joining Smith Buoy (35a) and Lucky Bay Buoy (35b). 16.2 **Club Start Line**

After the first warning signal of the day, boats shall not pass between the Start Box and the inner mark of Club Starting Line No. 1 when the line is in use. The only exceptions will be boats that are forced between the Start Box and the inner mark at the start or boats returning to start after recall.

Requests shall be in writing on forms available from the Yachting Operations Office. For fleets having multiple races, protests for the first race may be lodged within 60 minutes of the protesting boat's finishing time in the last race of the day.

18.2 Hearing requests shall be submitted to the Yachting Operations Office.

18.3 A boat penalised under SI 2.2.2, 6.1, 14.3 or 16.6 may request a hearing.

22.5 Decision on the award of average points is at the sole discretion of the Yachting Operations Manager.

23. COACHING

Club appointed/approved coaches may give advice to some or all competitors while they are racing except during designated Club Championship races. This will not be regarded as a breach of RRS 41.

24. BOATS RETIRING

24.1 A boat retiring shall, where possible, notify the officials at the relevant finish line. This may be done by hailing or by VHF radio Channel 77.

24.2 A boat that wishes to retire after coming ashore should advise the Yachting Operations Office.

25. RADIO COMMUNICATION

25.1 The Race Committee will use VHF radio Channel 77 to advise competitors of matters relating to the conduct of racing. Boats competing in Saturday keelboat racing, Frostbite racing and Twilights are encouraged to carry a VHF radio on board and maintain a listening watch whilst racing. (see SI 6.3)

25.2 (DP) Except in an emergency, competitors shall not transmit via radio or use mobile phones (including the internet) whilst racing.

26.3 Attention is drawn to RRS 3 which states: 'The responsibility for a boat's decision to participate in a race or to continue to race is hers alone' and ASSR 1.02.1 which also states that: 'The safety of a boat and her crew is the sole and inescapable responsibility of the person in charge.'

TWILIGHT SAILING

Twilight events will be conducted in accordance with the 2023-24 Standard Sailing Instructions subject to these additions or amendments. In the event of a conflict, these Supplementary Sailing Instructions shall prevail.

1. ELIGIBILITY AND ENTRY

- a) RFBYC Twilight Sailing is open to any yacht registered with a yacht club affiliated with Australian Sailing.
- b) All boats are to sign on to participate in each Twilight event by SMS to 0422 654 833 stipulating boat name, sail number, skipper's name, and number of persons on board. Boats crossing the Club Finishing Line will be signed off automatically by the Start Box. Boats that withdraw from the event before crossing the finish line are required to notify the start box sign off by SMS or VHF 77.

2. SAFETY REGULATIONS

ASSR Category 7 shall apply with the following modifications:

- a) At least one method of shore communication is required (mobile phone or VHF Channel 77).
- b) All boats shall carry 2 operational buoyant waterproof flashlights.
- c) All boats shall comply with the Department of Transport's Navigable Waters Regulations and shall display the prescribed Navigation Lights after sunset.
- d) PFDs shall be carried on board for each person on the boat. It is strongly recommended that a PFD is worn by each person when on deck on all boats after sunset and at all times on boats without lifelines.
- e) The person in charge is responsible for safety of all persons on board. The person in charge must take into account such factors as the age and capabilities of each person onboard, the potential weather conditions, the total number of persons onboard and the likelihood of persons falling from the boat due to its design/layout.
- g) A boat or participant shall give all possible help to any person or vessel in danger.
- h) The responsibility for a boat's decision to participate in this event or to continue in it is that boat's alone.

Boats are to stay within reasonable proximity of the course area during their sail. If Skippers are to leave the course area, i.e., sail East of Miller, sail East of Suicide, or become stationary in a mooring area, the Club expects the boat to advise the Club of its intention to continue without club safety support. TWILIGHT SAILING CODE OF CONDUCT

Participants are encouraged to sail within these non-competitive considerations, in the spirit of a welcoming, fun and encouraging activity for all.

No Luffing and where it is safe to do so, overtake to leeward.

Approach the turning markers cautiously and provide sufficient space for you and the boats around you to turn the markers in a safe and orderly manner.

Use options such as omitting markers or starting early in order to generally avoid congestion.

Ensure that your boat and the boats around you are enjoying a non-racing, fun and welcoming activity.

This Code of Conduct will not form the basis for any claims of damages or prevail over the Sailing Instructions or Supplementary Sailing Instructions.

10. RACING AREA

The racing area will be within Freshwater Bay and surrounding areas.

11. COURSES AND COURSE SIGNALS

- 11.1 The diagrams in SI Appendix C show the courses, including the approximate angles between legs, the order in which marks are to be passed, and the side on which each mark is to be left.
- 11.2 The course to be sailed will be designated by displaying a numeral pennant from the race committee vessel no later than the warning signal.
- 11.3 Courses may be shortened in accordance with RRS 32.2. In addition, RRS 32 is changed so that if Flag 'S' over Flag 'F' are displayed in the vicinity of a mark, competitors shall pass that mark on the required side and proceed directly to the finish line.
- 11.4 For multiple races, when Flag 'Q' is displayed at the finish, another race will be started as soon as practicable. Multiple sound signals will indicate that a new starting sequence will commence within 1 minute.

12. MARKS

Marks 1, 2 and 3	Orange Inflatable buoys
Marks A, B and C	Red Inflatable buoys
Start Mark	Black and White chequered buoy
Finish Mark	Red with Yellow Band buoy

13. THE START

- 13.1 Races will be started using RRS 26 modified such that the warning signal will be displayed 3 minutes prior to the start and the preparatory signal 2 minutes prior to the start.

- 13.2 The starting line is between a staff displaying orange flag on the race committee vessel at the starboard end of the starting line and the course side of the port-end starting mark.
- 13.3 A boat whose warning signal has not been made shall keep clear of both the starting area and of all boats who are in the starting sequence.
- 13.4 A boat that does not start within 3 minutes of her starting signal will be scored Did Not Start without a hearing. This changes RRS A5.1 and A5.2.
- 13.5 A clearance mark may be attached to the race committee starting vessel. After the first warning signal of the day, boats shall not pass between the Start Box and the clearance mark when the line is in use. The only exceptions will be boats that are forced between the Start Box and the inner mark at the start or boats returning to start after recall.
- 13.6 When a General Recall is signalled, the warning signal for a new start for the first recalled fleet will be made as the starting signal of the last fleet in the original sequence. New starts for other recalled fleets will follow in the order thereafter. A General Recall signal will be displayed for one minute. This changes RRS 29.2 and race signal, 'First Substitute'.

14. THE FINISH

- 14.1 The finishing line is between a staff displaying a blue flag on the race committee vessel at the starboard end of the finishing line and a red with yellow band buoy at the port end.
- 14.2 Boats failing to finish within 15 minutes after the first boat finishes will be scored "Did Not Finish". This changes RRS 35, A4 and A5.

15. LINES IN USE

- 15.1 A conspicuous orange flag will identify a 'line in use' for starting or finishing.
- 15.2 (NP) Except between her warning and starting signals, or when finishing, a boat shall not cross a 'line in use' in either direction when the orange flag is displayed.
- 15.3 A boat observed breaching SI 15.2 will be penalised without a hearing in accordance with SI 17.2. This changes RRS 63.1.

16. KEEPING CLEAR

- 16.1 Boats shall at all times give way to support craft identified by a white flag with the words SAFETY in red.
- 16.2 Boats observed breaching any of SI 16 will be penalised, without a hearing, in accordance with SI 17.2. This changes RRS 63.1.

17. PENALTIES

- 17.1 For all classes RRS 44.1 is changed so that the Two-Turns Penalty is replaced by the One Turn Penalty. For WASZPs the two-turns penalty in RRS 44.1 is replaced by a part turn being a gybe and coming to close-hauled when on a windward leg or tack and sailing below 90 degrees when on any other leg.
- 17.2 Scoring Penalties Specified in SI 15.3 and 16.3. A scoring penalty will be a 30% penalty calculated in accordance with RRS 44.3 (c).
- 17.3 A boat penalised under SI 15 or 16 may request a hearing.

18. HEARING REQUESTS

- 18.1 The protest time limit is 45 minutes after the last boat finishes the last race of the day or the race committee signals no more racing today, whichever is later. The time will be posted on the official noticeboard.
- 18.2 Protests shall be written on forms available from the Dinghy & Training Centre office and shall be lodged at the DTC office or with the Race Officer by the Protest Time Limit in accordance with RRS 61 and SI 18.1.

- 18.3 Notices will be posted no later than 30 minutes after the protest time limit to inform competitors of hearings in which they are parties or named as witnesses. Hearings will be held in the protest room, located via the DTC main hall.
- 18.4 In addition to the requirements of RRS 61.1, boats intending to protest for an incident occurring while racing shall, where possible, notify an official on the committee vessel within five minutes of finishing or retiring from the race.

19. SCORING

The Low Point Scoring System of RRS Appendix A as amended by SI 22 will apply to all Consistency, Club Championship and other series.

20. NUMBER OF RACES TO COUNT

See Appendix C to these Sailing Instructions

21. STARTERS

A minimum of four boats are required to start in any one race before any trophy or pennant shall be awarded. A minimum of two starters are required to constitute a race.

22. COACHING AND SUPPORT VESSELS

- 22.1 Official vessels will be identified by the words 'Safety' and may display the RFBYC burgee.
- 22.2 With the exception of the Intermediate fleets, team leaders, coaches and other support persons who may be supporting individual athletes shall keep to leeward of the start line and its extension between the preparatory signal and the start signals for their class and more than 50 metres clear of any racing boat or mark of the course.
- 22.3 Club appointed/approved coaches may give advice to some or all competitors while they are racing except during designated club championship races. Intermediate Fleet boats displaying a pink ribbon may be coached during any race. This will not be regarded as a breach of RRS 41.
- 22.4 All skippers of support/coach boats must attend the volunteers briefing with the Race Management. This is scheduled for before the competitor's briefing. This takes place at the Dinghy Training Centre (DTC).
- 22.5 Support/Coach boats will be required to assist in the event of an emergency if directed to do so by the Race Management Team.
- 22.6 All Support/Coach boats must have a VHF radio and maintain a listening watch on the nominated VHF Channel.
- 22.7 Support / coach boats must have a current boat insurance policy with a minimum cover of AUD \$10 million.

23. AVERAGE POINTS

- 23.1 Boats sailing in official class State, National or other significant event may apply for average points to be awarded for Consistency Series and Club Championship races held on the same day.
- 23.2 To be eligible for average points in a Consistency or Championship race(s), boats must participate in a minimum of 50% of the races in the series for which average points are being requested.
- 23.3 Applications for average points shall be made in writing to the Dinghy Administrator within five days of the race for which average points are requested and shall be accompanied by a results sheet to confirm participation in the alternative event.
- 23.4 Average points shall be calculated from the points accrued in all the races that the requesting boat competed in during the series.
- 23.5 The decision on the awarding of average points is at the sole discretion of the Race Committee.

24. BOATS RETIRING

- 24.1 [DP] A boat that retires from a race shall, if possible, notify the race committee at the first reasonable opportunity or by promptly notifying DTC Office of their decision to retire on returning to shore.

25. DISCLAIMER OF LIABILITY

- 25.1 All those taking part in Club races do so at their own risk and responsibility.
- 25.2 The Club is not responsible for the sea worthiness of a boat whose entry is accepted or the sufficiency or adequacy of its equipment. The Club reserves the right to refuse entry in the interests of safety or fair competition.
- 25.3 Attention is drawn to RRS 3) which states: 'The responsibility for a boat's decision to participate in a race or to continue to race is hers alone' and AS Special Regulations 1.02.1 which also states that: 'The safety of a boat and her crew is the sole and inescapable responsibility of the person in charge.'

26. INSURANCE

All boats sailing in Club races shall have current valid insurance in respect of Third Party Liability and Public Liability of not less than AUD \$10 million.

APPENDIX D – PENNANTS AND TROPHIES DINGHIES

Handicapping System

- For existing sailors handicaps will be carried over from the previous summer season.
- New sailors will be assigned a generic handicap by the handicapper. Starting handicaps for all new boats in the same fleet will be the same.
- Handicaps will then be adjusted after each race based on performance using TopYacht's inbuilt Performance Handicapping System (PHS).
- This handicap will then be applied to the next race, and so forth.

Awarding of Pennants

Pennants (1st, 2nd, 3rd) will be awarded each race day based on aggregate handicap results for all races sailed on the day. For example:

Boat A results (on handicap):

Race 1: 1st, Race 2: 3rd, TOTAL POINTS: 4, Pennant: 1st

Boat B results (on handicap):

Race 1: 2nd, Race 2: 4th, TOTAL POINTS: 6, Pennant: 3rd

Boat C results (on handicap):

Race 1: 3rd, Race 2: 2nd, TOTAL POINTS: 5, Pennant: 2nd

Handicaps will be adjusted automatically after each race, meaning that sailors may have a different handicap in each race on the day, depending on their performance. The 'Fastest' pennant will be awarded for the sailor with the overall fastest times across the line in each fleet, based on all races sailed that day

Trophies: Individual Race Days, Consistency and Club Championship

Individual Race Days:

The overall winner on handicap for each race day will be awarded that day's trophy (i.e. prize money) on Dinghy Prize Night, assuming a trophy has been allocated for that race day and class.

Consistency:

ALL races on days marked as Consistency races count towards Consistency.

- For all Open fleets, the Consistency trophy will be awarded at Dinghy Prize Night for the sailor with the overall best results from an aggregate of all Consistency days., minus drops
- For all Intermediate fleets, there will be both Pre-Christmas and PostChristmas Consistency trophies awarded, to allow those transitioning during this period to have an opportunity to gain a trophy. Trophies will be awarded for the best overall results from all Consistency days up to December (Pre-Christmas) and after December (Post-Christmas), minus drops.

Club Championship:

For all Open fleets, Club Championship trophies will be awarded for the best overall across the line results in each class for ALL races on all Club Championship days, minus drops.

There will be no Club Championship trophy awarded for Intermediate fleets

MAN OVERBOARD PROCEDURE

Extract taken from the Australian Sailing Special Regulations
- Section 8 - Advisory Appendices - Advisory Appendix D to Part 1

MAN OVERBOARD - QUICK STOP AND THE LIFE SLING (OR SEATTLE SLING)

When a crew member goes over the side recovery time is of the essence. The hallmark of this method is the immediate reduction of boat speed by turning to windward and then manoeuvring slowly, remaining near the victim. In most cases, this is better than reaching off, then gybing or tacking and returning on a reciprocal course.

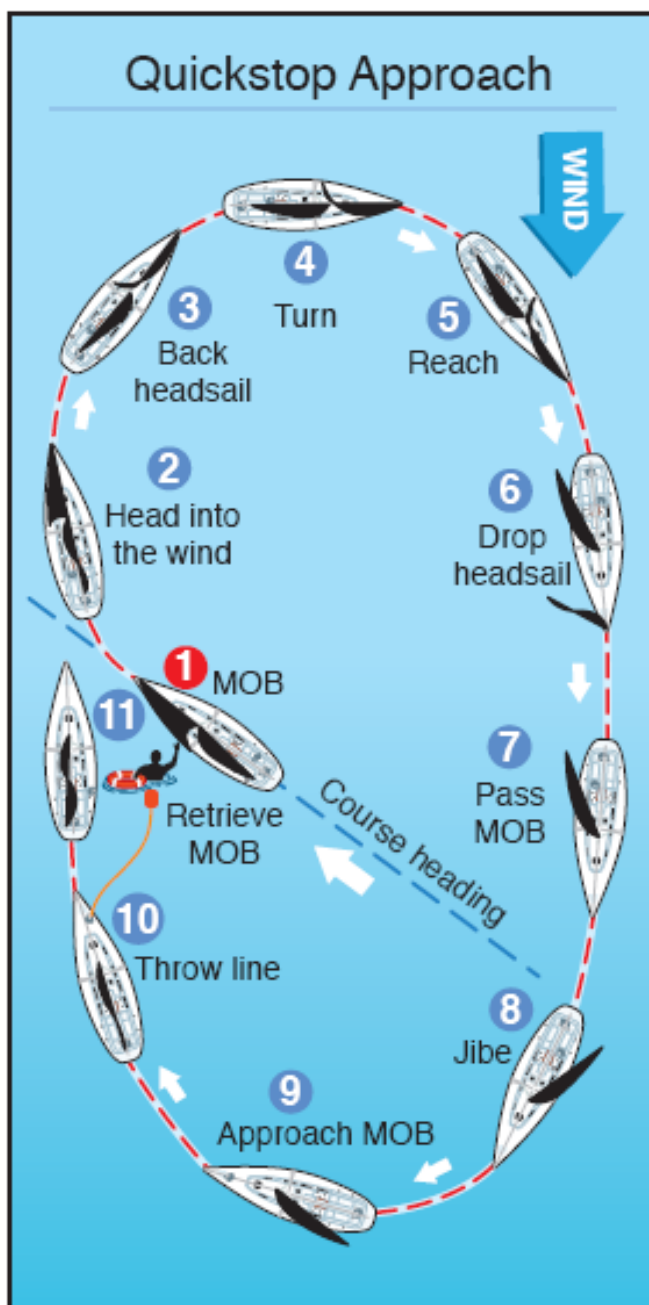

QUICK STOP METHOD

1. Shout 'man overboard' and detail a crew member to spot and point to the victim's position in the water. The spotter should not take his eyes off the victim (see Figure 1).
2. Provide immediate flotation. Throw buoyant objects such as cockpit cushions, life rings and so on. These objects may not only come to the aid of the victim, but will litter the water where he went overboard and help your spotter to keep him in view. Deployment of the pole and flag (dan buoy) requires too much time. The pole is saved to put on top of the victim in case the initial manoeuvre is unsuccessful.
3. Bring boat head-to-wind and beyond (see Figure 1)
4. Allow headsail to back and further slow the boat.
5. Keep turning with headsail backed until wind is abaft the beam.
6. Head on beam-to-broad reach course for two or three lengths then go nearly dead downwind.
7. Drop the headsail while keeping the mainsail centred (or nearly so). The jib sheets are not slacked, even during the dousing manoeuvre, to keep them inside the lifelines.
8. Hold the downward course until victim is abaft the beam.
9. Gybe.
10. Approach the victim on a course of approximately 45 degrees to 60 degrees off the wind.
11. Establish contact with the victim with heaving line or other device. The Naval Academy uses a "throwing sock" containing 25 metres of light floating line and a bag that can be thrown into the wind because the line is kept inside the bag and trails out as it sails to the victim.
12. Effect recovery over the windward side.

Quick Stop Under Spinnaker

The same procedure is used to accommodate a spinnaker. Follow the preceding instructions. As the boat comes head-to-wind and the pole is eased to the head stay, the spinnaker halyard is lowered and the sail is gathered on the fore deck. The turn is continued through the tack and the approach phase commences
