

Dinghy Safety

A MESSAGE FROM ROYAL FRESHWATER BAY YACHT CLUB

Working with Children

RFBYC is a child safe environment and is committed to providing a child safe environment at all times.

In accordance with the Working with Children Act 2004, RFBYC has a Child Protection Policy which can be downloaded from the [Club website](#). In addition to providing the circumstances by which a Working with Children Certificate (WWC) is required or exemptions apply, it provides a number of working with children scenarios that are specific to the sailing activities undertaken at the Club.

Scenario #1 - Parent Volunteer - If the child is a member of RFBYC, the parent is exempt from requiring a WWC even if they are volunteering at an event their child is not present at.

Please be assured that any issues and/or concerns regarding child safety can be discussed in strict confidence at any time with the coaching or administrative staff.

**Our priority is for happy,
safe and engaged children.**

Safety - its everyone's responsibility
