Dinghy Safety

A MESSAGE FROM ROYAL FRESHWATER BAY YACHT CLUB

Recycling

Two yellow Viko Bins have been provided by the @RecycleManPerth to help the DTC with recycling and improve sustainability.

We all have a responsibility to protect the environment and recycle, so please place all cans and bottles with the 10c logo in the yellow Viko Bins. Do not use the bins for disposal of food, general waste and coffee cups.

**We cannot change the past,
but we can change the future
Always remember to recycle**

Safety - its everyone's responsibility
