Dinghy Safety

A MESSAGE FROM ROYAL FRESHWATER BAY YACHT CLUB

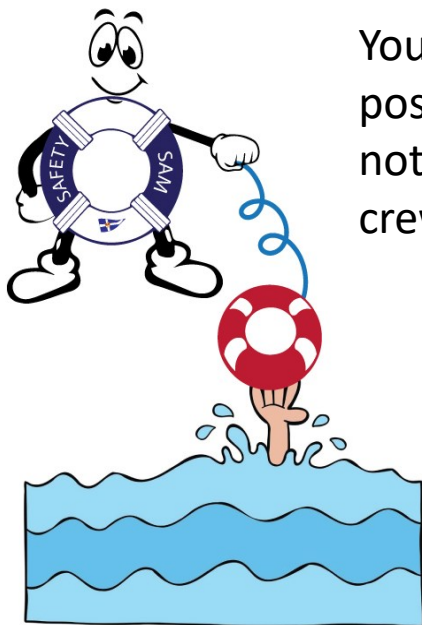

Helping Those in Danger

A boat, competitor or support person shall give all possible help to any person or vessel in danger

(Rule 1.1, 2021 – 2024 Racing Rules of Sailing)

Sailing safety always begins with keeping yourself, your crew and your boat safe and sound. And that includes when helping another person or vessel in danger.

You are expected to offer all possible help provided it does not also place yourself, your crew or boat in danger.

If giving help, establish clear communication and confirm with the person or vessel in danger that they wish for you to assist them.

Safety - its everyone's responsibility
