A MESSAGE FROM ROYAL FRESHWATER BAY YACHT CLUB

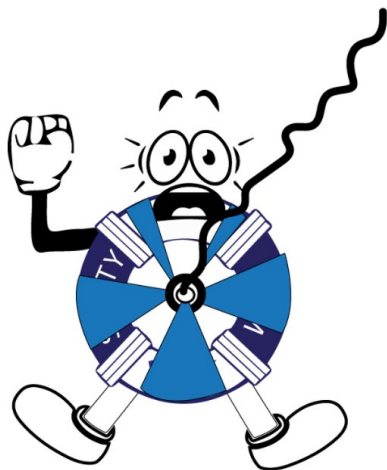

Trapeze Harness

A trapeze harness worn by a competitor which may be used to support the competitor on a trapeze shall be of the quick release variety complying with ISO 10862 which allows the competitor to detach from the hook or other method of attachment at any time.

(Rule 50.1(c), 2021 – 2024 Racing Rules of Sailing)

World Sailing has recently approved a change to this rule extending the effective date of this requirement from January 2023 to January 2025, thereby giving manufacturers and competitors a further two years to comply.

RFBYC will continue to permit the use of trapeze harnesses that are not of the quick release variety, until further notice. No other aspect of the rule has changed.

Safety - its everyone's responsibility
