

# Come Sailing with the FLYING FIFTEENS at RFBYC

Whether you're an experienced sailor, want to get back into sailing after time away, or just starting out, you're warmly invited to join us on the water at Freshie. The Flying Fifteen fleet RFBYC offers you close quarter racing, genuine onshore camaraderie, combined with a rich sailing tradition.

Our F15 sailing calendar includes Saturday afternoon Club racing throughout the summer, inter-club regattas, WA State Championships, the annual Australian Nationals, as well as bi-annual World Championships.

## Treat Yourself To An F15 Experience

The Flying Fifteen is a pure sailing experience, where tuning, technique and strategy really come to the fore.

The F15 is an iconic 6.1m two-person international one-design keelboat that suits sailors of all levels of experience, capability and fitness. It is designed with the speed, excitement and agility of a dinghy, while providing excellent keelboat stability and performance across a range of conditions.

As a tightly controlled one-design class new boats have only a few technological advantages, so even the older Flying Fifteens remain very competitive at a surprisingly low entry cost. The strict one-design rules of the class ensure a level playing field and close racing. Annual costs for storage, maintenance, updating rigging and new sails are modest.

## We Will Help You

There is no shortage of friendly assistance on offer from our experienced fleet members, firstly to give you an opportunity to take an F15 out to try before you buy, then assist your search to find the right Flying Fifteen to fit your budget, provide ongoing help for you to understand your boat, and get you sailing it to your full potential. You will also get fit while doing all of that!

## All Available Now..... Boats, Beers & Best Friends

The Freshie Flying Fifteen fleet is very welcoming and inclusive; we have 16 to 60+ year olds participating. Unlike larger yachts, it only requires two enthusiasts to get a boat out on the water each week, with F15 crew combinations comprising mates, couples, siblings, and parent/child. We also claim the title of being the most social fleet at RFBYC, with our legendary boatpark drinks, fleet dinners, regatta events and a strong F15 presence in the Club bar after a hard day's sailing. There is a genuine sense of friendship, with catch-up events continuing throughout the winter months.
