Change to Sailing Instruction

Amendment No. 2020-21 / 05

Explanatory Note – Appendix B Courses

A recent World Sailing Question and Answer has brought to light a problem with the way we designate our courses which could lead to a problem in some situations.

The courses have therefore been rewritten in a way that now fully complies with the rules.

The rules require an imaginary piece of string attached to the back of your boat, when pulled taught, to touch each rounding mark and lie on the correct side of each passing mark.

Whilst there have been some changes to the way the courses have been written and all that has been done is to properly designate marks as either rounding or passing marks and there have been no changes to the course you actually have to sail.

The new rules, which apply from 1st January also require rounding marks to be designated.

This has been achieved by adding, on each course page, the words 'All marks are to be rounded unless designated as Pass'.

A small number of courses have had a mark described as Pass (For example Bricklanding B when going from Miller to Dolphin West on some courses).

Marks that have no significance (such as Bricklanding B when going from Bricklanding A to Parker have been removed). Bricklanding A and B have been properly designated as separate marks in the same way as Smith and Lucky Bay.

Should you have any queries on the above please contact your Class captain.

All marks to be rounded unless designated as Pass
